## THE SOCIETY'S PUBLICATIONS

---

<i>Transactions of the Faraday Society</i>	Published monthly
<i>General Discussions of the Faraday Society</i>	Normally published twice a year
<i>Special Discussions of the Faraday Society</i>	Normally published once a year
<i>Symposia of the Faraday Society</i>	Normally published once a year

### MEMBERS

of the Faraday Society receive current issues of both *Transactions* and *General Discussions* free on publication, and of *Special Discussions* and *Symposia* at reduced prices on request. Enquiries regarding membership of the Society should be addressed to: **The Secretary, The Faraday Society, 6 Gray's Inn Square, London WC1 (Telephone: 01-242 8101)**

### NON-MEMBERS

may obtain the Society's publications *either* through their own bookseller *or* by making application as follows:

#### FOR

*Annual Subscriptions:* to current issues of EITHER *Transactions*, *General Discussions* and *Symposium*  
OR *Transactions* only

*Back Issues:* Complete Volumes (comprising *Transactions*, *General Discussions* and *Symposium*) from Vol. 41 (1945) onwards

#### APPLY TO

**The Aberdeen University Press Ltd**  
**Farmers Hall, Aberdeen, Scotland, AB9 2XT**

#### FOR

*General Discussions*  
*and Symposia:* All current issues and back numbers

*Back Issues:* Complete Volumes (comprising *Transactions* and *General Discussions*) from Vol. 1 (1905) to Vol. 40 (1944)

#### APPLY TO

**Butterworth & Co. (Publishers) Ltd**  
**88 Kingsway, London WC2**

#### AND FOR

*Special Discussions:* Current issue (commencing Spring 1971)

#### APPLY TO

**Academic Press Inc. (London) Ltd**  
**Berkeley Square House, Berkeley Square, London W1X 6BA**

## A GENERAL DISCUSSION ON

# *The Vitreous State*

22nd-24th September 1970

A GENERAL DISCUSSION on the Vitreous State was held at The School of Chemistry, University of Bristol on the 22nd, 23rd and 24th September 1970. The President Prof. Geoffrey Gee, C.B.E., F.R.S., was in the Chair and 160 members and others were present. Among the overseas visitors were:
